## THE FINE ART OF COLLAGE

Arlene Warner

Class Limit:14

Thursday & Friday Two-Day Workshop

Workshop in Toledo

Materials Fee: \$30

Skill Level: All

Learn how to create unique and expressive abstract works using collage. Handmade painted collage papers, repurposed scraps and various ephemera are layered and combined with acrylic paint and mark-making to produce textured and intuitive art pieces. On the first day, create painted papers using a variety of fun and simple techniques, including monoprinting with a Gelli Arts plate. On the second day, your papers become the foundation of your collages as you add other paper elements and use acrylic paint to fill spaces and create backgrounds. You assemble several collage pieces concurrently. Greeting cards with small collages are made as time allows.

**Materials Provided by Instructor:** 5” square Gelli Arts printing plate (yours to keep), big box of scraps including paper scraps, postage stamps, pieces of art papers and other eclectic printed items, drawing paper and deli paper for creating hand-painted sheets to be used in final collages, fluid acrylic paints in a variety of colors, individual containers of matte medium, 90-lb fine-art printmaking paper, various materials to create patterns and textures

**Materials Provided by Student:** soft rubber brayer (2”), paint brushes (two inexpensive acrylic 1” or wider), palette knife, paper palette pad or stack of waxed paper, pencils, scissors, black pens/markers (waterproof Pitt pens work best), water container (large yogurt size)

**Optional:** paper scraps - pages from old books, journals, postage stamps, printed tissue paper or napkins - anything that speaks to your visual aesthetic, rubber stamps and other small items to create textures and patterns

### \$25 FOR THE 25<sup>TH</sup> PROJECT

Cheri Aldrich and friends are organizing the \$25 for the 25<sup>th</sup> project to help support the *Friends of the Festival*. They are asking for donations of paper-related art pieces that will be displayed on the wall in a grid pattern. Pieces should be no larger than 8” x 10” (smaller is fine). Books will be tucked into a see through pocket, wall art should be ready to hang. These donated pieces will be sold for \$25, with the entire amount going to Friends of the Festival. Art will be displayed at the Newport Visual Arts Center, dates will be announced early summer. This will be an “Off the Wall” show, allowing people to take the art home with them that day. Artwork must be received by August 22. If you are interested in participating in the \$25 for 25th Project, or would like more information, please indicate this on your registration form. Photos show two pieces Cheri has donated.

## SATURDAY & SUNDAY SEPTEMBER 19 & 20— TWO-DAY WORKSHOPS

### THE ACCORDION—ENDLESS POSSIBILITIES

Connie Stricks

Class Limit: 12

Saturday & Sunday Two-Day Workshop

Stairs only venue

Materials Fee: \$40

Skill Level: Beginner-Intermediate

For Hedi Kyle, the simple accordion fold became a catalyst to create wonderful folded book structures, and her mastery of it opened endless creative possibilities for all of us. Using her techniques, measure, cut and fold to make perfect accordion folds. Discuss joining methods and papers used to create specific effects. You make three of her structures: a *Pocket Accordion Book*, that allows you to organize and/or display various small things in the five pockets created; a hard-cover *Flag Book*, a simple accordion with interlocking pages oriented in opposite directions, that expand and retract as the book opens and closes; and a *Panorama Book*, which Kyle calls a “portable gallery” because a freestanding accordion creates a structure with broad, flat panels on which to create a visual gallery.

**Materials Provided by Instructor:** boards, double-sided tape, embellishing materials, MacTac, needles, paper, piercing block, punches, PVA glue, waxed linen thread

**Materials Provided by Student:** bone or Teflon folder, bone scorer, book-binding awl, cutting knife with extra blades, cutting mat (preferably 18”x24”), eraser, glue papers (25 pieces 8.5” x 11” scrap paper to use when putting glue on paper to protect surface of mat/table), glue stick (Elmer’s Extra Strength UHU, or wheat paste stick), pencil, rulers (2 or 3 - 18”-24” - clear quilting rulers preferred, but metal will work), scissors

**Optional:** graduated metal edges, weights (covered brick or heavy book)

## SUNDAY, APRIL 19 – ONE-DAY WORKSHOPS

### MARBLING ON FABRIC **WAITLIST ONLY**

*Sunday One-Day Workshop*

*Pietro Accardi*

*Class Limit: 12*

*Skill Level: All*

*Materials Fee: \$35*

This workshop takes you through the techniques needed to marble on fabric. Learn the foundational elements, acquisition and proper use of the supplies, including carrageenan, primer, paints, trays, rakes and combs. Pietro demonstrates how marbling is executed, how to handle paints on the water medium, and deal with known and unknown variables and how to create classical and basic marbling patterns (as well as spontaneous designs). You have your own tray, with water medium you mixed, set of paints, rakes, combs and primed fabric with ample time to practice and experiment with personal guidance from Pietro. The main focus is on marbling fabric to create bookcloth, although techniques for other textile uses are discussed. In addition, learn how to prepare dry pieces of marbled cloth for use in bookbinding. Students usually leave with 15 of their own original marbled pieces. Please note that marbling is a wet process and fabric made at the workshop may not be dry at the end of class.

**Materials Provided by Instructor:** combs, drying racks, fabric, medium, paints, rakes, trays, water bath

With a background in loom weaving to guide her discovery of three-dimensional shapes and forms, she studied with many West Coast weavers, basket makers and paper artists. Exploring the forest and beaches became her daily quest, as she learned to sustainably harvest plants for her baskets. Challenging herself to use every bit of what was gathered, the plant scraps were cooked and pulverized into paper pulp as she enthusiastically discovered the paper arts. Finding satisfaction using discarded and otherwise overlooked materials, she eventually found herself collecting food from the garden to make vegetable papyrus, laminating fruits and vegetables into sheets, exploring translucence, texture and patterns. Susan has been an instructor for Sitka Center for Art & Ecology, Oregon Book Arts Guild, Columbia Basin Basketry Guild, OSU Craft Center, Bay Area Basketry Guild and Newport Paper & Book Arts Festival.
